Vibrant full-color sublimation on faux suede, finished with a classic merrow border.

## FLEXSTYLE™ – TEXTURED

Dimensional FlexStyle™ patches with textured ridges for a bold, premium finish. Available in metallic, non-metallic, and clear.

---

## FLEXSTYLE™ – DOMED

FlexStyle™ domed patches deliver a bold 3D bubble effect. Available in metallic, non-metallic, matte, satin, and chrome finishes.

---

## FLEXSTYLE™ – FLAT

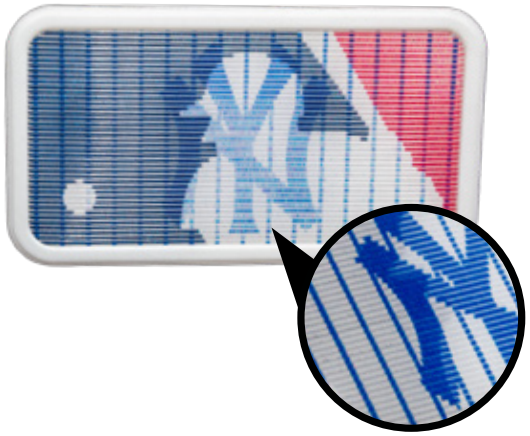

Flat FlexStyle™ patches offer a clean, refined appearance in metallic, non-metallic, clear, matte, satin, and chrome finishes.

## FLEXSTYLE™ – BEVELED

Beveled FlexStyle™ patches add eye-catching dimension with angled geometric texture. Offered in metallic and non-metallic finishes.

---

## FLEXSTYLE™ – HOLOGRAPHIC

Holographic FlexStyle™ patches create animated designs that change and move as the angle shifts.

# SPECIALTY INKS & EFFECTS

## STANDOUT FINISHES

**PUFF INK**

A specialty screen print that expands with heat to create a raised, textured design that adds bold dimension and a soft, standout finish to your tee.

**METALLIC INK**

A specialty ink infused with jewel tone pigments that creates a reflective eye catching finish with a bold metallic shine.

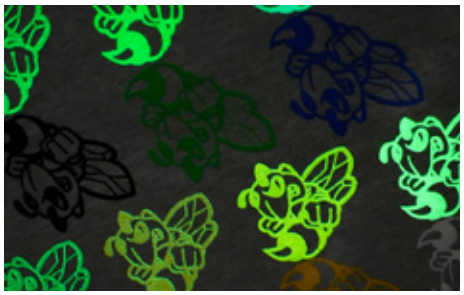

**HIGH DENSITY**

Through the use of a thicker ink and stencil we are able to create a raised 3D textured appearance while still maintaining crisp edges to achieve a look that puff cannot accomplish.

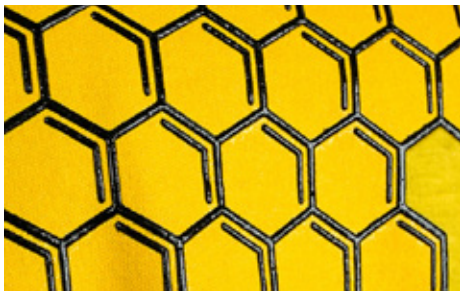

**UV INK**

A specialty ink that changes color when exposed to black light, revealing a bold effect. Can be used as a soft tonal look in normal conditions but give your logo that extra punch under the right conditions.

**GLOW INK**

A specialty screen print ink that absorbs light and glows in the dark, creating a bold, high-impact effect when the lights go down.

**GLOSS CLEAR**

Apply this special clear ink on top of a printed pantone to add depth and shine to your design.

**BASED OUT**

Through the use of a reducing agent mixed with plastisol ink we can achieve this based out look when you want a vintage washed out design but don't have 10 years of time to achieve it.

**GRADIENT**

A blended print technique that smoothly transitions colors for a soft fade and dynamic visual depth. Can be used to simulate extra Pantones when blended correctly.

**FINE LINE**

A detailed printing technique that captures thin lines and intricate artwork with sharp precision and clean clarity.

# PREMIUM EMBROIDERY

## STITCH WITH IMPACT

**FLAT EMBROIDERY**

Flat embroidery delivers clean, precise stitching with a smooth finish—ideal for detailed logos and professional decoration.

**3D FOAM**

3D foam embroidery creates bold, raised designs by stitching over foam—perfect for standout dimension on hats and apparel.

**3D CHAIN STITCH**

3D chain stitch embroidery adds textured, raised dimension for bold looks and detailed, handcrafted style.
